

Announcing content solutions designed for ELA, social studies, and science classrooms of every grade level

NEWSELA ELA

Teachers use authentic content to drive authentic literacy skills that will transfer to college, career, and other subjects. They can go deep on any topic to drive background knowledge with differentiated content that is aligned to ELA standards and instructional resources that are designed for the ELA classroom.

NEWSELA SOCIAL STUDIES

Teachers can leverage differentiated content that is as foundational as the U.S. Constitution and as up-to-date as yesterday's news. Content is selected to include diverse perspectives and unheard stories, and is aligned to state social studies standards and embedded with social studies activities and teaching resources.

NEWSELA SCIENCE

Integrate science and literacy at every grade level, with up-to-date real world phenomena, Science career overviews, and more, all published at 5 reading levels and aligned to science standards. Content comes with embedded science activities and instructional supports for teachers.

What makes Newsela content great for the classroom?

It's authentic and engaging

We source content from over 100 of the most trusted names in publishing, and turn it into classroom-ready learning materials.

It's accessible to every student

Students can read and write at their own level, while all participating in the same discussion.

It's always up-to-date

New texts are published each day, so topics the world is talking about can be connected to lessons and be ready for classroom use the very next day.

When you purchase one of the 3 core subject products, you get additional subject-specific resources that save teachers time and give them guidance for how to use the content in class.

Newsela ELA, Newsela Social Studies, and Newsela Science all include

STANDARDS ALIGNMENT

All content is aligned to ELA, social studies, and science standards. Teachers can search by standard to find content that supports what they need to teach.

SUBJECT-SPECIFIC STUDENT ACTIVITIES

Promote close reading and writing skills and get students thinking like scientists or historians with subject-specific quizzes and writing prompts.

TIME-SAVING RESOURCES FOR TEACHERS

Content is organized specifically for ELA, social studies, and science classrooms to help teachers find the materials they need quickly. Instruction-ready collections give teachers lesson ideas to use the content in class.

TEACHER AND ADMIN VISIBILITY

Student, classroom, school, and district-level reporting for each subject lifts the veil on content usage and student engagement.

Just need a supplemental reading solution to use across all subjects? Ask us about Newsela Essentials.
